**H**ISTORY is but the aggregate of biography, and it sometimes happens in the history of great nations that the biography of a single man's comprehensively written, contains all the important history of the government through a series of years. The study of biography in the records of nearly every nation furnishes the surest and easiest means of obtaining certain and lasting information concerning the institutions, character, events and times.

It is the object of the writer, of this little booklet, not only for the present generation, but for generations to follow, that they can look back and point with pride to their ancestors who participated, in America's independence, to defend its constitution and its institutions in the war of 1776.

We must not forget those ancestors of 1812-1814 who willingly and did give up their lives that the government their forefathers established on this continent might live. Also we wish to cherish in fond remembrance the boys in blue who fought from 1861 to 1865 to defend the constitution and the flag that was established by our forefathers.

THE WRITER.

### **Copy of a Letter Written to Grandmother Lowman by her Brother, Joseph Herman.**

Christmas, the 25th day of December, 1802.

Dear Sister Susannah. I let you know with these few short lines that I am yet in the land among the living, enjoying a good state of health and I hope that these few lines will find you and your family in that glorious and happy state of health; also as I find health to be a gift of that God which rules on heaven and earth and from him comes all good things that we enjoy in this life.

And as it has been in my mind a considerable time to send each of my brothers and sisters a letter from my hand which I hope you will accept as a present from my hand and heart.

Our God has blessed me and you and all my brothers and sisters with a gift of reading and writing and why don't we make better use of it for this very reason. I write you a letter in order to let you understand that I would wish to hear from my brothers and sisters and relations more and oftener than I do. Which might be done by a letter as easy as not and what happiness it is to hear from one-another's welfare because brothers and sisters ought to love one another and wish another well.

I let you know that I am now living in Lancaster County, in Manner Township, with my old friend, Doctor Bengtman, Mussur House, where I am working at my traid making windmills. I also let you know on December the 10th day I was at my brother Samuels, who I left in health, him and his family. Our sister Eva and her family was also well at that time. I expect you shall see me some time toward spring if I am spared in health and nothing else hinders me.

I shall now close my letter as I have nothing more to wright. Dear Sister, remember my love to your dear husband and all your family. Remember my love to John; remember my love to your sister-in-law; remember by love to your mother-in-law. Remember this if any of you all who I have mentioned would wish to wright me a letter, it would be

received of me with the greatest pleasure No more from your and well wisher.

Joseph Hermon.
